Being More Pleasant.
To the taste, more acceptable to the stomach, and more truly beneficial in its action, the famous California liquid fruit remedy, Syrup of Figs, is rapidly superseding all others. Try it. Sample bottles free, and large bottles for sale by H. B. Garner.

Take Notice.
It is a significant fact that the best known mercantile houses in the large cities advertise most freely in the newspapers. Long experience has taught them the value of printer's ink. They know that it is a great mistake to suppose that old merchants need not advertise. Advertisements are for the new stock, not the old merchant.

A very strong call signed by nearly 200 of the most substantial Democrats in the County and City appears in the *South Kentucky* of to-day asking Judge Joe McCarroll to make the race for Circuit Judge in this district. The call is signed by 24 of the Democratic members of the bar at this place. Judge McCarroll is in every way qualified to fill the position and should be consented to make the race. He will have a strong following.

WARNING.
The Charter of the City of Hopkinsville, and the Ordinance of the Board of Councilmen requires the City Tax Collector to Collect the City Taxes on or before the 30th Dec., and that in all cases where taxes are not so paid the Collector is required to sell property to make the taxes with 10% penalty and Cost added; Call at the Office of Long, Garnett and Co. to-day, pay your Taxes and save Costs.
W. F. GARNETT Collector.

Both Legs Cut off by a Freight Train.
Sunday morning at 10 a. m., a young man named Lew Cope, had both legs cut off by a freight train at Nortonville. Cope was enjoying a free ride over the C. & O. railroad. On reaching Nortonville, he concluded to get off, and for this, attempted to uncouple the cars. The train was running fast at the time. Placing a foot on each draw-head, he drew the coupling-pin, when the front car darted off so rapidly that it threw him to the ground, with his legs across one of the rails. One leg was cut off above, and the other below the knee, and one of his thighs was broken. The unfortunate man was taken to Central City, where he was alive at the last account. Cope was in this place recently, running a cane racket on Sixth street. His free ride, has proved a very expensive one.

Saturday's Election.
The city election passed off quietly Saturday. Late in the day Mr. John Feland, Jr., entered the race for City Attorney but he was too far behind to gain much on his competitor. The old Board of Councilmen was elected with the exception of Mr. D. J. Hooser substituted in the place of Mr. Wm. Ellis. Below is the vote.

COUNCIL.

R. T. Petree.....	319
F. J. Brownell.....	351
W. M. Hill.....	352
J. M. Starling.....	355
G. O. Thompson.....	355
D. J. Hooser.....	284
E. B. Long.....	352
J. G. Brame.....	96

In justice to Mr. Brame it should be stated that his name was first suggested on the morning of the election and few knew he was a candidate.

The vote for City Attorney resulted as follows: Ferguson, 212; Feland, 137.

Hunting Farms.
There has been a good deal of inquiry in the past few weeks about farm lands in this County from German and Swedish farmers residing in the Northwestern States. Many of these people desire to settle on good lands, where they can raise a greater variety of crops in a milder climate. The rich lands in Northern Wisconsin, Iowa and Michigan, which yield large crops of corn and fat hogs and cattle in good seasons, are very unprofitable in bad ones, for they lack the variety of crops which Western Kentucky lands have. Farmers in this region have always some product to sell, nor do they have to bother with the severe and offensive six months winters of the Northwest. There are few weeks during our winter seasons, in which out-door work cannot be done. The coming of a body of industrious farmers to develop the untilled lands of this region will be a movement profitable to the immigrants and to ourselves.

Syrup of Figs.
Manufactured only by the California Fig Syrup Co., San Francisco, Cal., is Nature's Own True Laxative. This pleasant California liquid fruit remedy may be had of Mr. H. B. Garner. Sample bottles free and large bottles at fifty cents and one dollar. It is the most pleasant, prompt, and effective remedy known to cleanse the system; to act on the Liver, Kidney, and Bowels gently yet thoroughly; to dispel Headaches, Colds, and Fevers; to cure Constipation, Indigestion and kindred ills.

Around Town.
See the elegant display of Christmas goods at Howe's.
Schultz celebrated Milwaukee beer at the Phoenix Hotel Saloon.
Dr. T. G. Keen preached at the Baptist church Sunday morning.
Court adjourned Saturday, after disposing of an unusual amount of business.
Buy your TOYS & HOLIDAY PRESENTS this week from HOLLAND & RODGERS, they are selling them at COST.
Have you seen the display of Christmas goods in the show window of Howe's Jewelry Palace? "It takes the cake."
Remember, that the most reliable and finest watch-work, and at more reasonable prices than anywhere else, is done at M. D. Kelley's.
Remember that the Phoenix Hotel Saloon has just received 5 barrels of Thomas & Lindsey's best whisky. It stands higher than any other brand in the State.

The Mother Goose Entertainment by the children of the Public School Friday night, is the only attraction this week at the Opera House.
Don't forget to call at M. D. Kelley's jewelry emporium and see his elegant stock. Beasts anything in town, in quantity, quality, styles and low prices.
The ethereal show under Holland's Opera House is having a big run. It is a good show and is attracting large crowds at each entertainment. It is a novel attraction.
Don't buy anything for Christmas presents until you have seen the attractions at Howe's Jewelry Palace. His stock surpasses anything in town.

Yesterday morning the thermometer registered 15 degrees, the coldest morning of the year. A slight snow fall and a sharp breeze from the North gave us the first sample of winter.
Rev. Lowenstein of the German Lutheran service in German, to an interested congregation, in the Ninth street Presbyterian church, Sunday afternoon.
Have you seen the magnificent new stock of diamonds, gold and silver watches, clocks, jewelry, spectacles, Holland's gold-pens, engagement rings &c., now open at M. D. Kelley's jewelry emporium.
The speedy delivering system is progressing slowly. The postmaster states that the same twenty ten-centers have come to the Hopkinsville post-office during the current month. "It is probably that all letters will eventually have speedy delivery, without any increase of patronage. The extra eight cents is not popular."

\$5,000.00 worth of diamonds on exhibition at Howe's Jewelry Palace; also the largest and most attractive stock of ladies' and gentlemen's gold watches and chains, rings, charms, lace pins, bracelets, gold pens, tooth-picks, silver spoons, knives, carving sets, etc., all to be sold very low for Christmas presents.
The meeting of the Louis Literary Society of Bethel Female College last Friday evening was short but interesting. The music by Miss Mattie Garrett was well rendered. The well read piece by Miss Emma Threlkeld was followed by a pretty song by Miss Fannie Fairlie. The recitation by Miss Annie Belle Adams was quite artistic. Miss Kate Daniel read the "News and Notes" splendidly. Last was a beautiful song sung by Miss Geneva O'Brien.

It is a rare treat to go into Howe's Jewelry Palace and see the elegant line of Christmas goods. Mr. Howe has just returned from the Eastern markets, and has brought with him hundreds of beautiful and rare attractions. Many of which have never been seen in Hopkinsville before.
While Mr. J. E. Summers, of this city, was sitting in the ladies' waiting room at the depot at Hopkinsville a short time since, a lady asked him to hold her baby while she looked after her trunk. Mr. Summers, recognizing the fact that he had plenty of such property at home, and it being about time for the train to leave, politely answered by offering to look after her trunk himself. Ed reads the papers, hence he is up to tricks.
Columbia Telephone.

The greatest attraction now in the city is the low prices at which our popular jeweler M. D. Kelly is selling his magnificent fine stock of everything in the jewelry line for the holidays. Don't miss the opportunity to call and examine and be convinced.
Farmers are making engagements to deliver fat dressed turkeys for Christmas at ten cents a pound. There is nothing which so powerfully impresses the mind of the free-born American citizen with the importance of Christmas festivities as the contemplation of a richly browned turkey, the monarch of the poultry-yard, taking his rest on a cataplana, in the shape of a large dish, flanked with jellies and celery, and surrounded by a group of friends whose mouths water with genuine sympathy.

Mrs. Lulu T. Renshaw, wife of Mr. F. P. Renshaw, died at her residence in this city Sunday evening at 6 o'clock. She suffered several weeks with typhoid malarial fever and passed away quietly at the hour above mentioned. The funeral will be preached this morning at 10 a. m., at the Christian church by Rev. J. M. Gill, of Elkhorn. She was a most excellent lady and leaves three sisters, a father and a husband to mourn her loss. She enjoyed the confidence and esteem of a large circle of friends and proved herself a valuable member of society. Thus has passed away in the bloom of life a lady who had endeared herself to all who were acquainted with her, by her amiable disposition and kindness of heart. A devoted husband and loving relatives and friends mourn her early death, but are comforted, trusting she has entered into the joys of a blissful eternity. "Be ye also ready, for in such an hour as ye think not, the Son of Man Cometh."

If you want to buy a Christmas present, do not waste away your time looking at small stocks of old style goods, but go to Howe's Jewelry Palace and see more fine Christmas goods than you ever saw before.

Business Outlook.
The U. S. Consul at Lyons, France, says that champagne has long been held as a barometer in many business circles for measuring and determining commercial prosperity or depression in different countries, and that October has usually been the month selected as giving the truest tests in this regard, as it is the month when nearly all countries order supplies for the approaching social and holiday season. The Consul says that there has been a large increase in champagne shipments to the United States this season, and he therefore predicts a commercial prosperity beyond the most sanguine expectations of business men. Some of them will be so elated that they will put the champagne barometer down. In this country a less sparkling but much weightier product than champagne, has long been regarded the barometer of business activity. Iron is the test here. When trade grows dull, and the markets begin to decline, iron is the first to show depression. On the other hand when business begins to strengthen and revive, iron products are the first to show activity. Business circles in all the leading markets regard the present activity of iron with great hopefulness, as the forerunner of good times. Between the effervescence of wine and the solidity of iron, the trade of the country should receive a powerful tonic.

The Tennessee Law on "Nesting."
A correspondent of the *Cirkevville Tobacco Leaf*, referring to the comments of the New Era upon the ease with which the Tennessee law on "nesting" tobacco could be perverted to the oppression of innocent parties, remarks: "Now the New Era is mistaken about this. It is not the innocent seller of a nested hoghead who is liable under the law, but the fraudulent packer. So you see it would be the malicious or revengeful employer who would go to jail, and not the honest planter, and I think the New Era will agree that that would be just and right? I quote the law as follows: 'Section 18. Be it further enacted, that any person who fraudulently packs or 'nests' a hoghead of tobacco with intent to deceive, and obtain thereby more than its true value, is guilty of a misdemeanor, and shall be fined not less than fifty dollars nor more than five hundred dollars, and may be imprisoned not more than six months.'"

The farmer who sells the hoghead is *prima facie* its packer, and we called attention to the fact that it would be impossible for him to escape the full penalty fixed by the law for the act of his employee, or of any other party through whose hands the hoghead might pass, and who might have an interest in making a victim. The law is plainly aimed at the farmer and not his employee, as it speaks of "nesting" with "intent to obtain thereby more than its true value." This could not refer to any one but the owner of the tobacco. The injustice of the law is not in its oppressive penalties and the ease with which a dishonest employee, or warehouseman, could use it to blackmail an innocent farmer. It makes it no better for the law to say that it has not yet been so perverted. The possibility of its being so used is enough to condemn it. Common sense says that simple restitution is all that should be required.

TOBACCO NEWS.
A GOOD CROP.
Mr. J. B. Logan, of Jessamine, says during the past season he raised 27,500 pounds of tobacco on 15 acres of land, and recently sold the crop at the barn for \$2,300.
PAID CASH.
Dec. 4th.—Receipts were entirely of new, and there remains no old tobacco at all to come forward. Offerings were also all of the new crop, and showed poor quality and other poor order. Sellers continue to reject freely.

CLARKSVILLE.
The Chronicle of the 12th inst. says: There is still considerable difference between farmers and loose tobacco buyers in regard to prices. It is to be hoped that they will compromise the difference so that the farmers can sell their tobacco and the factories put in operation and enliven the business of the city.

LOUISVILLE.
The Tobacco Warehousemen's Association is disrupted by reason of its inability to agree upon the choice of inspectors. The Commercial says that the increased value of the office of inspector consequent upon the immensely increased sales at this market has led to the brick rivalry for the places. The result was that five houses, the Ninth street, Boone, Picket, Green River, and the Enterprise withdrew from the Association. The Commercial adds: "Upon a basis of this year's sale Long, ridge and Larue will make out of their fees, at twenty cents per hoghead for inspection, near \$7,000 each, from which reductions are to be deducted; Wilson and Spencer \$3,500 each, subject to the same reduction."

HENDERSON.
The Journal of the 10th inst. says: Although—considerable number of loads and twenty-five or thirty crops have been sold on the street this week, by reason of prices being kept back and the uniform poor quality of tobacco thrust upon the market, there is no exact determining of prices compared with those of last year. Two very fine crops have been sold within the past two days, both raised in the Frog Island neighborhood. Mr. John Book received for his entire crop, \$9, \$9 and \$3. Mrs. H. B. Book received \$8.75, \$8.75 and \$3. Mr. Geo. Spencer sold a crop of 8,000 lbs. at \$8.50 and \$2. Mr. Will Blake received for a crop of 6,000 lbs. \$8, \$9 and \$2. Two thousand pounds were sold by Mr. H. D. Denton at \$8.25, \$8.25 and \$2. Mr. J. B. Busby, of Frog Island, sold at \$8.50, \$8.50 and \$3. The other crops sold brought a lower price. Since the opening of the market prices have advanced 15 or 20 cents a hoghead, and range about as follows: Fine, \$7.50 to \$2 to \$8.50 and \$2. Good, \$5.50 to \$7.50, Common, \$4 to \$6. All the purchases are now in the market and bidding is very lively, although many refuse the prices offered them.

The Louisville Semi-Weekly Post
PROSPECTUS.
During the past few months the demand for THE POST has greatly increased in the country, its popularity being particularly marked in the interior of Kentucky, Tennessee and Indiana. Some difficulty has been prevented, however, because it could not reach remote sections as soon after publication as was desired, owing to the existing regulations that control the movement of trains, while in other sections it has enjoyed advantages over the morning papers in this respect, and we have been enabled to furnish a portion of our subscribers with the latest news from twelve to fifteen hours in advance of our contemporaries. In order to meet the difficulty suggested we have determined to issue a SEMI-WEEKLY edition, which will contain carefully selected matter, full and accurate reports of the markets and other features which cannot fail to render it attractive and almost indispensable to the farmers, merchants and to the general readers of the interior. We are enabled, too, to furnish this interesting edition to subscribers in any part of the country for only
\$1.25
per annum. The cheapness of the SEMI-WEEKLY POST should cause no one to detract from its merits. The day for high-priced newspapers has passed. We have found that the cheaper the paper the more readers it has and the more its columns are sought by advertisers. Terms invariably in advance.
